Party in Paradise

Verse 1 /C /F G/
Packing all I need in my suitcase
All I need for a tropical trip
Feeling like I own the whole world
If life is a smoothie, I'm gonna take a sip

There are snacks and a movie on the airplane
But I still can't wait until it's done
'Cause we know paradise is waiting
And we know we're gonna have some fun

Chorus
C Am
Dancing under the stars with my baby
F G F
Going with the flow like the waves
C Am
We can stay all night just maybe
F G
At this party in paradise

Verse 2
The sun rises over the horizon
All lined with coconut trees
Expecting something surprising
Feeling that warm tropical breeze

Chillin' with turtles & flamingos
We're soaking in the sun
Making a smoothie with mangoes
Tanning and fanning until the day is done

Bridge
Am F
I don't wanna go home again
Am G
Let's keep this party going on & on & on & on!

Chorus
